

## Thanksgiving Day Party to Aid Press Club Welfare Foundation

The first annual Los Angeles Press Club party for all Southern California will be held Thanksgiving Day at Pacific Ocean Park for the benefit of the Press Club 8-Ball Welfare Foundation, it was announced today.

Hollywood stars and personalities will take part in special festivities, and the premiere performances of P.O.P.'s special holiday show will be presented. This musical revue, which will run from Nov. 24 through Jan. 2, will be an entirely new show featuring singers, dancers, and the regular cast of P.O.P.'s Super Sea Cir-

cus in a spectacular holiday production, staged against a background of snow-covered mountains, real Christmas trees, and igloos glistening with ice.

THE ENTIRE production is being staged by the well known choreographer Marie Bryant and will feature Christmas music arranged by Capitol Record artist Eddie Dunstetter.

Tickets, being sold by the Foundation, at \$1.50 each, will admit holders to the premiere performance of "P.O.P.'s Holiday Show," as well as all of P.O.P.'s rides and other at-

tractions. An added feature on Thanksgiving Day will be the awarding of more than 100 valuable prizes, a Foundation spokesman said.

AS PART OF the gala premiere benefit, industrial firms and business organizations throughout the Southland are buying tickets in blocks as a Thanksgiving gift to employees and their families. Other organizations are purchasing Thanksgiving Day tickets for underprivileged children.

The Press Club benefit will help to raise money for the Welfare Foundation, which,

since its creation in 1954, has provided grants of direct aid to hundreds of individuals in financial distress and journalism scholarships to many worthy students.

P.O.P. will be open Thanksgiving Day from 10:30 a.m. to midnight.

Tickets are now on sale at the greater Los Angeles Press Club, 600 No. Vermont Ave., Los Angeles.

Special educational and job training programs show that Retarded Children Can Be Helped.

## Executives of JWV to Convene

The executive committee of the Department of California of the Jewish War Veterans of the United States will hold a quarterly meeting at the Plush Horse Inn on Saturday and Sunday, Nov. 19th and 20th, according to Department Commander Sidney F. Jelin. A Department Constitutional Convention will be held on Sunday, at 10 a.m. in conjunction with the D.E.C. meetings.

A dinner-dance is planned for Saturday evening, paying tribute to the community leadership of the South Bay

area. Irwin J. Kaplan, Department Junior Vice-Commander and Commander of South Bay Post 777, is chairman of the event.

Dr. Matthew Ellenhorn will be the principal speaker.

Steve Rosmarin, Department Senior Vice-Commander and chairman of the D.E.C. meeting announces that Department Committee reports will be presented and acted on at the first business session on Saturday afternoon. Other business sessions are scheduled for Sunday morning and afternoon.

FIRST TICKET . . . John B. Long, general manager of the California Newspaper Publishers' Assn., purchases first ticket to Los Angeles Press Club's Thanksgiving Day benefit to be held at Pacific Ocean Park from Juli Reding, "Miss Los Angeles Press Club." Benefit is for the Press Club's 8-Ball Welfare Foundation.

BACK THROUGH THE AGES . . . Members of Mrs. Nina Lavendar's first, second, and third grade class at Wood Elementary School moved back in history with the aid of a time machine recently. Studying ancient Egypt and its customs, the class put on a play to show their parents what they learned. As the man in the time machine (Michael Cooke) looks on, Becky Winters glides by on an open-mouthed crocodile and Barry Gottsch watches.

## Medical Mailbag Brings Questions And Answers on Bunions, Corns

QUESTION—What causes bunions and corns? What can be done for them?—T.R.

ANSWER—Bunions and corns follow unusual pressure or friction on the feet. Poorly fitted shoes, especially those too short or too tight, are one of the most common causes of bunions. Once they have developed, the only actual correction that can be brought about is through surgical means.

Properly chosen shoes may ease the discomfort of bunions in certain cases. Often the removal of pressure and irritation will result in the disappearance of corns. Sometimes the application of a suitable preparation or adhesive tape over a corn will soften it to such a degree that it can be lifted out. A ring of soft padding, called a corn pad, often relieves the pain of a corn.

Q.—Is nursing better than bottle feeding for the baby and mother?—F.M.

A.—It has been proved by pediatricians, by psychiatrists and by others who have studied the matter that a child does better if it is breast fed.

Breast feeding helps the mother in the development of her body after birth of her child. Contrary to a popular misconception, it does not increase the tendency to cancer of the breast. The baby also is benefited in that it is given a sense of inner security it could obtain in no other way.

Q.—How do kidney stones

form? Can they be dissolved by medicine or diet?—D.S.

A.—Our urine consists of approximately 460 parts of water to 40 parts of solids. The solids are calcium, phosphorus and mineral salts, which are held in solution in the urine. When these solids are taken out of solution, they actually assume their natural solid forms as crystals; thus forming kidney stones. Among the things which cause these solids to do this are diet deficiencies, infection of urine and changes in the body metabolism.

Kidney stones cannot be dissolved by medicine or special diets. However, the continued growth of many types of stones can be arrested by the use of special diets, correction of defects in the urinary tract, the elimination of infections and the use of medications.

### Gig Young to Open in Broadway Show Soon

No newcomer to the theatre is Gig Young, who opens soon on Broadway in "Under the Yum Yum Tree," in which his co-star is Sandra Church.

The film actor, whose New York stage debut was in "Oh, Men - Oh, Women," won a dramatic scholarship at the Pasadena Playhouse after his first acting experience with the Phyl Hayden Players in Washington, D.C.
